67 LOTS

6 BULLS—61 FEMALES

Typical of the entire offering on September 24, these three daughters of Kelso Ignition (P) sell bred to Pleasant Dawn Riverhurst 3rd x and Tutira Riverhurst x.

From the Sale Manager

No sale on the fall sale schedule offers a broader opportunity to make top selections of good cattle of **known** heritage.

Tutira-Balmenach and Saraguay are dedicated **breeders** of cattle. Their programs are planned carefully. While great females have been retained in each herd, they have not been afraid to add outercross stock of the highest calibre to stay abreast of the times.

Perhaps most important of all is the performance of these cattle in the herds of others. In the 1972 sale, cattle sold throughout the United States and Canada. Ask any of the buyers. They'll tell you they got their money's worth and more and that the guarantee of each herd is more than reliable.

Nowhere this year will you be able to select from the get and service of so many leading stock bulls . . . bulls selected as the best from three continents.

This sale has been established as an **annual** event. There will be no culls. Only the good ones will sell to insure your return visit.

These are people of foresight and integrity. The cattle are among the best anywhere. You owe it to them and to the breed to be there on September 24.

HARRIS SIMONS
The Shorthorn World

Here are a few of the sale cattle from Saraguay on pasture with one of the service sires, Homedale Coronet Leader 599 x.

Welcome, Friends

First, Tutira and Balmenach would like to welcome Saraguay as a consignor to this, our second annual production sale. We all look forward to a long and successful series of annual production sales.

Our quest for good Shorthorns and Polled Shorthorns has taken us throughout the world and we are proud to boast stock bulls from three nations.

The get and service of all 12 of the reference sires from the three herds is offered with both reluctance and pride.

Although the sale will be held at Balmenach, neither Tutira nor Saraguay is a long drive. We'll be happy to arrange transportation for you to see both herds either before or after the sale.

All three herds have gone all-out for this venture and your visit on sale weekend will be our sincere pleasure.

In the meantime, feel free to contact any of the owners or farm employees for any additional information you may require or for any assistance with travel arrangements. Remember the Laurentian Mountains around Tutira and the Ottawa Valley around Balmenach and the city of Montreal near the Saraguay home farm are great historic sites and should be at their most beautiful season in early September. If you can make a vacation of it, we'll be delighted to play a part in your plans.

Mandalong Super Flag (P)

One Of Your First Opportunities To Buy His Service

Mandalong Super Flag (P) sold to Dr. J. G. Carter, Alberta, Canada, at the Australian record price of \$28,000 (Canadian funds). He weighed 962 pounds at 8½ months. He was bred by the herd that also produced the supreme champion bull, the champion Polled Shorthorn steer, the grand champion female and the reserve junior champion bull at the 1972 Sidney Royal Easter Show.

His semen is being used at Balmenach. And . . . this will be one of your first opportunities to acquire females carrying his service.

Balmenach is offering 24 select females on September 24. Others will have calves at foot by or will be in calf to Pleasant Dawn Prince 3rd x and the All-American Balmenach Captain Cook x, the outstanding son of Kelso Ignition (P) that topped the 1972 sale at \$3,200 for two-thirds.

TUTIRA RIVERHURST x — This is probably the greatest son of Pleasant Dawn Riverhurst 3rd x ever. Two of the good Tutira females sell safe in calf to him and every open female in the Tutira offering sells with breeding privilege to him.

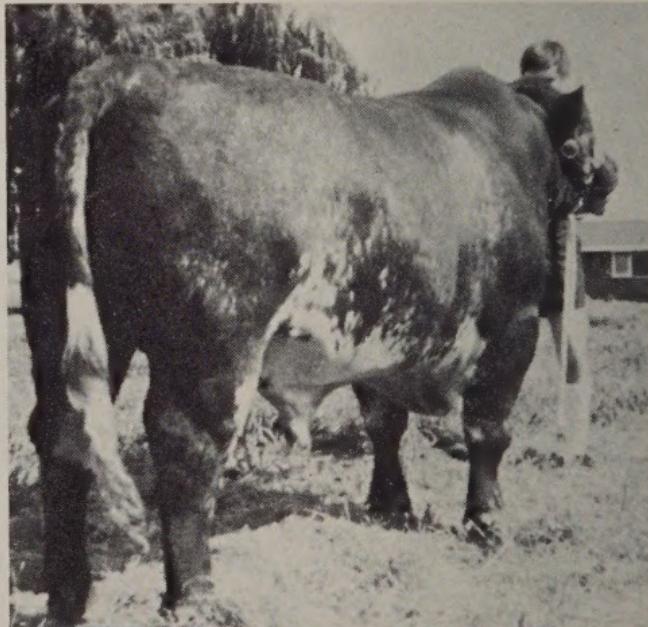

KELSO IGNITION (P)

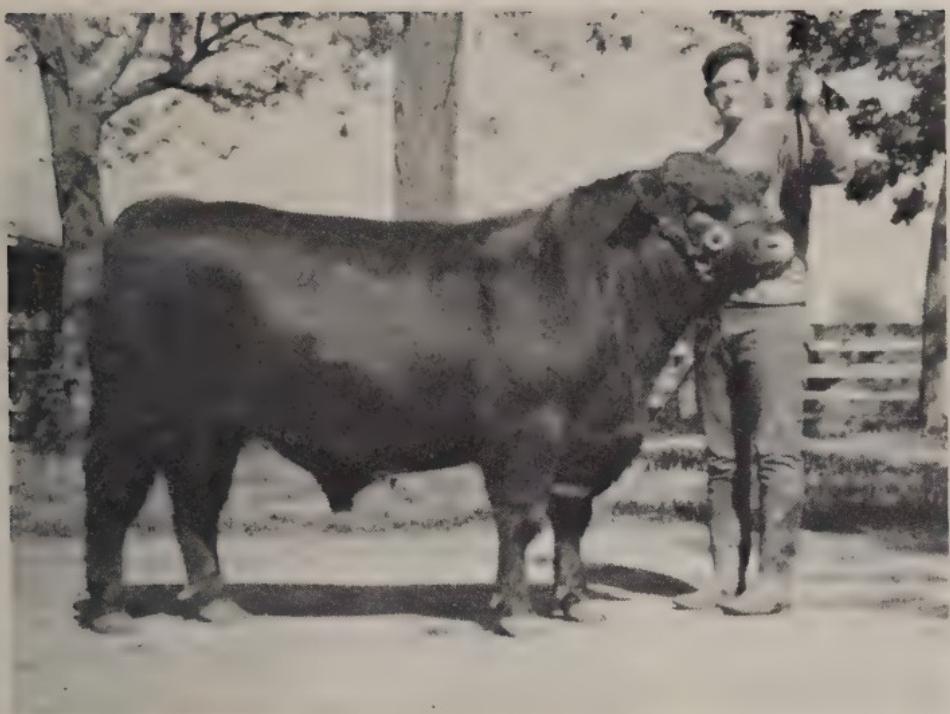

Kelso Ignition (P) was champion in the 18-21 month class at the 1970 Royal Easter Show in Sydney, Australia. In the sale there, eight of his half-brothers averaged more than double the average of the total sale. Twenty-seven of the first 30 ancestors in his pedigree are polled. He weighed 1,670 pounds at 18 months and 2,100 pounds at 30 months in his work clothes. And . . . he's proven himself to be a 100% dehorner.

Here is an exciting new outercross bloodline to add impetus to the breeding of BIG Polled Shorthorns in North America. One of his sons sells in the Balmenach offering, and eight of their big, rugged western Canadian females are bred to him. From Tutira, his owners, are offering four of his best sons and 11 of his daughters. Further, all females offered from Tutira sell with breeding privilege to him. His son and his daughter topped last year's sale.

This is an opportunity to beef up your breeding program at auction sale prices that you just can't afford to miss.

TPS Coronet Unlimited 70th x

TPS Coronet Unlimited 70th x was reserve calf champion at the 1971 International and the Missouri State Fair and was All-American senior bull calf for 1972. He weighed 1,550 pounds at 18 months. Every animal in his pedigree is one of note in the show ring or as a breeder of top cattle. His sire, TPS Coronet Unlimited 14th x, weighed more than a ton as a two-year-old. His grandsire, Coronet Max Leader 6th x, was a massive bull that sired numerous champions. Every open female in the Tutira offering sells with breeding privilege to him. A number sell with his calves at foot or in calf to him.

Pleasant Dawn Riverhurst 3rd x

Pleasant Dawn Riverhurst 3rd x was champion and top of the 1967 Manitoba Polled Shorthorn sale. He weighed 2,190 pounds at 40 months. While his daughters are being retained by Tutira, every open female in the Tutira offering will sell with breeding privilege to him. His sons and daughters did very well at the Regina Spring sale.

Pleasant Dawn Prince 3rd x

Pleasant Dawn Prince x is senior herd sire at Balmenach. Out of a dam by Hi Way Royal Oak x, Pleasant Dawn Prince x is the 100% dehorning, big, strapping three-year-old son of Pleasant Dawn Approval x. Eight of the big Canadian females being offered by Balmenach are by him. Every open female sells with breeding privilege, and a number of females sell with calves at foot by him.

Balmenach Captain Cook x

Balmenach Captain Cook x topped last fall's sale at \$3,500 for two-thirds interest and $\frac{1}{2}$ possession to Golden Harvest Farm, Bridgewater, Conn. He climaxed a very successful 1972-73 show year by winning the coveted All-American nominee award. While Balmenach is retaining his daughters as replacements, every open female sells with breeding privilege to him, and a number of females sell with calves at foot by him.

ROTHBURY MASSIVE MAJOR 790C x

Rothbury Massive Major 790 C x

New at Saraguay is Rothbury Massive Major 790C x. The top-selling bull at the 1973 Canadian International Sale, he's by Four Point Major x, a son of the famous Ball Dee Perfect Count x, and out of a dam by Timmill White Sapphire.

Rothbury Dynamic Leader 17th x

Rothbury Dynamic Leader 17th x, pictured at lower left, was the first Polled Shorthorn bull to win a championship at the Canadian International Bull Sale where he was reserve grand champion and top-seller. Nine of his daughters and one son sell from Saraguay. Further, four of the outstanding Saraguay females sell in calf to him.

HOMEDALE CORONET LEADER 599 x

Born June 7, 1971, he's by Homedale Coronet Leader 59th x and out of Homedale Violet F 2 x. His get and service sell September 24.
